### DEPARTMENT OF INFORMATION TECHNOLOGY

**BACHELOR OF SCIENCE IN INFORMATION TECHNOLOGY (BSIT), CYBER SECURITY SPECIALIZATION**  
Designed for students seeking a four-year Bachelor of Science degree, this curriculum includes the university’s core curriculum, as well as advanced courses in information technology and cyber security. This degree meets all of the requirements for the NSA Center of Excellence program.

**UNDERGRADUATE CERTIFICATE IN CYBER SECURITY**  
Designed for students who do not intend to earn (another) college degree, but want to obtain certification in the growing cyber security field. This program requires prerequisite math and IT courses, as well as three cyber security courses.

### DEPARTMENT OF CRIMINAL JUSTICE

**BACHELOR OF SCIENCE WITH A MAJOR IN CRIMINAL JUSTICE, CYBER CRIME TRACK**  
Designed for students who want an interdisciplinary degree that prepares them for the demands of the marketplace. Graduates have been successful in securing well paying jobs in cyber crime and cyber forensics. This degree meets all of the requirements for the DC3 Center of Digital Forensics Academic Excellence program.

**MINOR IN CYBER CRIME**  
Designed for students who are already enrolled in a baccalaureate degree program who are interested in obtaining a concentration in cyber forensics/cyber crime.

**GRADUATE CERTIFICATE IN CYBER CRIME**  
This post-baccalaureate certificate builds on students’ baccalaureate degrees and may also serve as a stepping stone toward the Master of Science in Criminal Justice degree.

### DEPARTMENT OF HEALTH SCIENCE

**BACHELOR OF HEALTH SCIENCE, HEALTH INFORMATICS SPECIALIZATION**  
Designed for students interested in entry-level careers in the rapidly growing field of health informatics and health information systems selection, security implementation, and health information systems management.

**INTERDISCIPLINARY MINOR IN CYBER SECURITY**  
Designed for students who are already enrolled in a baccalaureate degree program. In addition to basic information technology courses, this program requires three courses in cyber security and one course in criminal justice.
